"This particular book, I've read it 6 times. It was that good. . .you will be fascinated by this book. It's where I got the seed thought for what I preached a week ago."

Exciting news! Pastor John Stocker of Resurrection Fellowship in Fort Collins, CO preached a message on July 2, 2006, in which he covered most every topic in the earthquake resurrection model, including:

- (a) the first five seals being already opened,
- (b) the importance of the sixth seal,
- (c) the pattern of earthquakes occurring at the resurrection to immortality, and
- (d) what will happen at the future resurrection of the dead if this pattern is applied to that event.

Two weeks later, he said that he had been given Earthquake Resurrection by a congregation member, and had since read the book 6 times! He then stated that the book provided the "seed thought" for his message of July 2, 2006.

This was the result of one person in the congregation asking their pastor to read their copy of the book. **If others approached their pastors about reading Earthquake Resurrection**, the earthquake resurrection model could be introduced to a much larger audience by something as simple as, "Hey Pastor, I'd like to know what you think about this book."

In addition, I invite you to visit Earthquake Resurrection to [download the free PDF and MP3 on the Last Trumpet and the Future Shaking of the Earth](#) if you haven't done so yet. Author Peter Goodgame called this **timely study** "brilliant", and is himself convinced that the true meaning of the last trumpet has been identified.

Please let me know what you think by sending me an email or by [signing the Guestbook!](#)

Thanks for your interest in the book, and for your prayer and support. Oh, and stay tuned for news about a future project!

Sincerely in Christ,
