Hi everyone!

This newsletter will be short, but have a couple large news items:

## 1. Big News: New Earthquake Resurrection Blogger Community

Have you ever wished you could discuss the information in *Earthquake Resurrection* with others who have read the books or are interested in the subject? A new community has been set up on Blogger.com to do just that. You can visit the new site here:

<http://earthquakeresurrection.blogspot.com> (make sure to add this to your Favorites!)

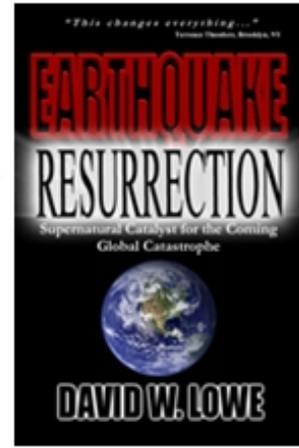

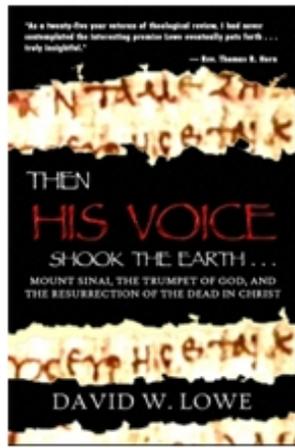

I'm really happy with the layout and appearance of the blog, and I hope it will be a place you can interact and find answers about the model and Bible prophecy in general. This will be the place where news items will appear from now on. Information will be added to the blog over time.

## 2. David Lowe Interviews Peter Goodgame on "The Big Finale"

I have been invited to be a guest host from time to time on *The Big Finale*. The first opportunity to do this will be on July 13, 2007, on which I will interview Peter Goodgame, author of *Red Moon Rising* and his new *Giza Discovery* series.

I consider Peter to be on the cutting edge of researching new and exciting vistas of discovery in Bible prophecy. One of those vistas is his study connecting the coming biblical Antichrist with the historical Nimrod. Find out about this during our interview as Peter reveals the very latest in his research.

You can check out Peter's latest research at his website, [www.redmoonrising.com](http://www.redmoonrising.com). More details on this interview will come in

the future.

### 3. Earthquake Resurrection Discussion Heats Up on Rapture Ready

Those of you who enjoy reading and responding to posts on message boards might be interested in the recent discussion threads at the Rapture Ready message board. I've refrained from posting at the new site until this week, when the threads were getting pretty heated. You can visit these links to read and/or post:

#### Rapture Models

#### Is Rev. 5 the Ascension & Are the 24 Elders the Church?

### 4. Testimonial

I received a very nice testimonial this week from Steve:

I am very much enjoying your book and I am happy to "critique" it constructively once I am finished. I really like the format and find it easy to follow. You have a very Missleresque scientific style, but with the same easy reading format that allows me to keep the thread of the argument. What I can say of the content is that your model is fascinating and it has made me want to get in deeper and see if these things are closer than the traditional pre-trib model. (You are also the first to get me thinking about the authenticity of the Shroud of Turin.)

I'm very grateful for these comments and give the Lord all the glory!

### 5. "Escaping the Matrix" on Connecting the Dots Newsblog

I have been invited to submit articles from time to time on a politics/ conspiracy/ prophecy news website called Connecting the Dots. The name of my blog is "Escaping the Matrix," and last Monday, I submitted my second article titled "**Global Warming in Your Future? You Better Believe It!**" You may read it at the following link:

I encourage you all to read this article, and any future articles posted on this newsblog. You may also leave comments at the blog.

\*\*\*\*\*

Until next time, may the grace of our Lord Jesus Christ, the love of God, and the fellowship of the Holy Spirit be with you.

David Lowe
