### Prayer Request

I begin this newsletter with prayer request for Vivienne's mother, my mother-in-law. Her name is Patricia Pittman and she lives in Wichita, KS. She is having medical problems right now, but that is not about which I petition your prayers. I am asking you to pray that the Holy Spirit will break through and change her stubborn heart. My wife and I have witnessed to her about surrendering to the Lord, but she is very set in her ways. Please ask the Lord to break her spirit of pride and rebellion, and that the spiritual forces would be bound and have no power to lie to her anymore. Thank you for bearing this burden with me and fulfilling the law of Christ (Gal. 6:2).

Here are the news items for this month:

## 1. Dallas Pre-Trib Conference Information

Many of you inquired about more information regarding the 2007 Pre-trib Study Group conference in Dallas, TX. The best place to go for more information is the following link:

I will be going, and there are a couple others go so far. It would be great to see more of you there. Be sure to sign up prior to November 26th.

## 2. Christmas Gift Idea: Give *Earthquake Resurrection* or *Then His Voice Shook the Earth* to Family and Friends

A great idea for a Christmas gift this year for a friend at church or a family member is a copy of *Earthquake Resurrection* or *Then His Voice Shook the Earth* in paperback or the great new hardcover format. You may order the books from my website, from my Storefront on the publisher's home page, from Amazon.com, or several other online booksellers:

### **3. Interviewed by Rick Wiles with Trunews**

Over the month of October, Rick Wiles of [www.trunews.com](http://www.trunews.com) and myself discussed my second book *Then His Voice Shook the Earth* in depth. If you've never read the new book, these interviews would be a great introduction for you or for anyone else you might know who enjoys Bible prophecy. Please listen at the following links:

### **4. Interviewed by Dana Smith with WARN Radio**

Twice during October, I was interviewed by Dana Smith of WARN Radio. Dana and I broached some interesting subjects and didn't talk a whole lot about my books. Dana Smith is a watchman on the wall, warning America that disaster is coming unless they change their mind toward God and repent.

He became interested in my work because the earthquake resurrection global catastrophe meshed with some of the things the Lord has revealed to him. I encourage you to visit his websites:

### **5. Our Mission Trip to Honduras**

My wife and I were privileged to travel to Siguatepeque and Taulabe, Honduras at the end of September, and we had an awesome experience doing the Lord's work and seeing a new world. We helped to build a church in a town in the middle of the beautiful Honduran rain forest. The land was breathtaking and the people were beautiful and very thankful for our work and support.

The Lord supplied our need on at least three occasions on this trip. First, he supplied a cement mixer after the first one broke down on the road. Second, he delivered our luggage from Houston, TX as we were without our luggage for the first day (it didn't make it onto the plane to Honduras). Third, he supplied a miracle of water for making cement when the town water supply was

shut off. The ground was saturated with standing water on the days the water was shut off, and when the rain stopped and the ground was dry, the town water was back on! The Lord confirmed this miracle by the gifts of the Spirit later in the week.

Please go to the following website (allowing a few seconds for the pictures to load) and watch the slideshow of our mission. You can see me in the blue baseball cap:

Until next time, may the grace of our Lord Jesus Christ, the love of God, and the fellowship of the Holy Spirit be with you.
